

Introduction

Getting Started

Diagram of 500K

- B Acoustic coil adaptor clip
- C Earplug earphone.
- C1 Ear contoured earpiece (ear contoured earpieces are ear specific and are marked R + L. Please choose the one that suits you.)
- C2 Canal tip earpiece (Optional)
- D PTT, Answer/end call button
- E Microphone
- F PTT, Answer/end call button clip
- G Volume adjustor
- H Coiled Wire
- I Adaptor plugs into headset jack of communication device

Setting up your 500k

Before using the 500K, you may need to adjust the length of the acoustic coil. To do so, simply cut the acoustic coil should it be too long somewhere between the coil and the base where it connects to the headset. Then cut the desired length to be removed and connect the two remaining ends via the adaptor. Note: Please check the acoustic coil is to your desired length before cutting.

You can also choose an optional set of contour earpieces and an adaptor tip. These earpieces will form to the shape of your ear allowing for better fit and greater comfort. In order to use these earpieces, simply remove the tip of the old earpiece and replace with

Congratulations on your purchase of the 500K Headset. The 500K Headset is adapted from the standard design CIA, FBI and secret service earpieces, to channel sound to the ear from your mobile phone or two-way radio. With the heavy-duty PTT, answer/end call button, the durable 500K allows 500,000 pushes ensuring extended usability.

Product registration is an important step toward enjoying your new 500K Headset. Registering is required for warranty coverage. To register online, please visit www.IASUS-concepts.com.

Please retain your original dated sales document receipt for your records. For warranty service of your 500K, you will need to provide a copy of your dated sales receipt to confirm warranty status.

the contour earpiece. They should fit in snug and block out any outside noise.

To begin wearing your 500K comfortably select which ear you would prefer to wear it on. If desired, attach the proper left or right contour earpiece (C1) for even further comfort. Place the acoustic coil ear wrap (A1) over your ear and insert the earpiece (C or C1) into your ear. The earpieces should fit snugly as to not fall out. Attach the clip (B) to the back of your clothing (preferably on the back of the collar).

The PTT, answer/end call button (D) should attach to the front of your body, preferably on the front collar or on your clothing, with the PTT, answer/end call button clip (F). The PTT, answer/end call button (D) should be used with the microphone hole (E) facing upwards.

The coiled wire (H) should fall from the answer/end call button and drape flush to your body. The coiled wire can be worn underneath clothing for added discretion. The coiled wire allows for flexibility so it can be worn snugly. Finally, the adaptor (I) attached to the PTT, answer/end call button should be plugged into your headset jack of your communication device.

Use and Care of your 500k

For Mobile Phones:

To answer simply press the answer/end call button once. To hang up a call, press the answer/end call button one more time. There is no need to speak at high volumes as the microphone will be able to pick

up your voice as normal. The volume can be adjusted with the turn volume adjustor (G). To increase volume, turn the adjustor up. To decrease the volume, turn the adjustor downwards.

For iPhone Music Playback:

To pause, or play tracks, press the answer/end call button once. To skip tracks, double click the button.

For Two-Way Radios:

To connect to your radio and begin communications, hold the PTT (D) button down. Continue to depress the button as you speak. When you are finished speaking, release the button to end the outgoing communication. You DO NOT need to press the PTT to receive incoming communication. There is no need to speak at high volumes as the microphone will be able to pick up your voice as normal. The volume can be adjusted with the turn volume adjustor (G). To increase volume, turn the adjustor up. To decrease the volume, turn the adjustor downwards.

PLEASE NOTE: It is dangerous to operate a vehicle and use a mobile phone simultaneously. Please follow local regulations on driving and cell phone use.

Troubleshooting

No Sound

*Check that the communication device is on, you have reception,

and your call/radio is connected.

*Check the volume on the answer/end call button

*The plugs into the connecting cord or into the communication device may not be fully inserted.

Answer/End button does not end or pick up calls

*Check that the communication device is on and you have reception.

*The plugs into the connecting cord or into the communication device may not be inserted fully.

*The button may not be fully depressed.

iPhones

Answer/End button does not operate music playback function

*Check that your iPhone is on and powered.

*Ensure that you have selected the MP3 playback application on your iPhone and it is properly operating.

*The adaptor plug into the iPhone headset jack may not be inserted fully.

*The button may not be fully depressed.

Two Year Limited Warranty

What this warranty covers

IASUS Concepts Limited warrants that the 500K Headset sold by IASUS Concepts or its authorized agents are free from defects in materials and workmanship under normal use for two years. This warranty is only applicable to the original purchaser of the 500K Headset, when accompanied by a dated sales document receipt and the name of the company from which it was purchased. This warranty is in lieu of and excludes all other warranties, expressed or implied, including any implied warranty of merchantability or fitness, and of any other obligation on the part of IASUS Concepts Limited.

What IASUS Concepts will do to correct warranty problems

At our discretion, we will repair or replace the product. We may use functionally equivalent reconditioned/refurbished/pre-owned or new products or parts.

To get warranty service

Please contact our customer service department via our website. Once you have done so, you will receive instructions on how to ship the products to IASUS Concepts or our designated resource. If instructed to ship the product, you must ship them with freight, duties, and insurance prepaid. Regardless of where you are instructed to ship your product, you must include:

www.iasus-concepts.com/nt/form/rma.pdf

- *A copy of your dated sales document receipt
- *A written description of the problem
- *Your name, address, and contact details
- *Payment for any services or repairs not covered by the warranty. This should have been predetermined with your customer service representative.

RETAIN YOUR ORIGINAL PROOF OF PURCHASE

For products we ask you to ship to us, we will ship repaired or replacement products at our expense for the freight and insurance, but at your expense for any duties.

What this warranty does not cover

- * Damage from improper operation, misuse, neglect such as dropping the product onto hard surfaces, contact with extreme humidity or heat, or acts of nature (lightning, floods, power surges etc)
- * Products that may have been tested, adjusted, installed, maintained, repaired or altered in any way by persons not expressly approved by IASUS Concepts Limited. Any of these voids the warranty.
- * Coil cords that are stretched.
- * Products purchased more than 12 months from the current date.
- * Products that are not accompanied by a valid proof of purchase.

To Register for your warranty

Please visit www.iasus-concepts.com/registration/htm to register your product for warranty.

Legal Information

There is no informal dispute settlement mechanism available. This warranty gives you specific legal rights, and you may also have other rights, which vary geographically. Some areas do not allow limitations on how long an implied warranty lasts and/or do not allow the exclusions or limitations or consequential damages, so the above limitations or exclusions may not apply to you.

IASUS Concepts shall not be liable for any special or consequential damages or for loss or expense directly or indirectly arising from use of the product or in inability to use the product in combination with other equipment or from any other cause. IASUS Concepts reserves the right to make changes in the design of the product and to make additions or improvements to it without incurring any obligation to modify any products previously sold.
